## St. Emydius School Newsletter

March 1, 2010

Dear Parents,

Included in your child's envelope today, are the names of the students who have reregistered for the particular grade for school year 2010-2011. Please make sure that your child's name is included, if you have made the re-registration. For new students registering in St. Emydius School for the coming school year, testing takes place on Wednesday, March 10 at 3:30 p.m. Please have your child in school on time.

As we move in the Season of Lent, please encourage your child/ren to make a special sacrifice, perhaps one per week, for the season so that we might be prepared for Jesus' Resurrection. Also, included in the family envelope, are the Regulations for Lent. This list is usually reprinted in the Tidings, the official newspaper of the Archdiocese of Los Angeles, each year. It is a very handy reminder for you to follow.

Progress reports are being distributed this week to grades 5 through 8. Please speak to your child or his teacher if you do not receive it this week. This report is sent home in

the middle of the quarter to inform you of your child' progress at the present time. Please make an appointment with your child's teacher if you have any concerns.

Beginning Monday, March 1, 2010, I have decided to form another class for the math students in grades 6, 7 and 8. The students chosen for this class will be given extra help and guidance in acquiring the skills needed to be successful in math. Mr. Castillo will be the instructor. It is my hope that the children in this class will benefit from the extra attention given them.

Sincerely,

Miss Socorro Mendoza  
Principal

**ABC s OF STUDENT SUCCESS**

**W IS FOR WISDOM**

Wisdom is learning born from experiences, both positive and negative. You can develop wisdom in your child by....

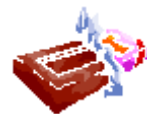

- allowing him or her to make choices and know the consequences of the choices.
- encouraging children to reflect on what they learn through their experiences. Would he do it again? Would she do it differently?
- helping children recognize the effects their actions have on people and situations.
- observing and pointing out the actions and consequences of others' behaviors.
